The youngest member of the Mediadisk family is truly a high-tech gem! Its glossy, sleek design is perfectly adapted to all home settings. Boasting the best of Realtek technology, allowing it to decode a maximum of file types, it provides peerless resolution for all your MKVs, as well as top-notch Home Cinema sound that perfectly preserves Dolby and DTS quality. A user-friendly menu serves as your entertainment centre guide, helping you easily select the files you want. A file manager lets you control connected devices from your Mediadisk and exchange your videos or photos with your friends in a snap.
